**Court's Verdict is Said to Give Company Control of Wireless Field.**

New York, March 18. — The Marconi Wireless Telegraph company of America won a victory in the federal court today which, according to its officers gives the company almost complete control of field of wireless telegraphy. The company won an infringement suit against the National Electric Signalling company of Pittsburgh, involving basic patents granted to Sir Oliver Lodge, the British scientist and Guglielmo Marconi, the Italian inventor. The decision written by United States District Judge Veeder says:

"The Lodge patent and the Mar-

## HIGHWAY IS ORGANIZED

## Plan to Build Road From Springfield, Ill., Through to Pacific Coast.

St. Joseph, Mo., March 18.—Delegations from several western states met here today and organized the Pike's Peak ocean-to-ocean highway. The plan is to build a road which

will run through Illinois, from Springfield to Hannibal, Mo., St. Joseph, Mo., and Colorado Springs to the Pacific coast. It is to connect with a road from the east at Springfield. The road already has been laid out and partly improved. The officers of the new organization are C. C. Adams, Chillicothe, Mo., presi-

ant; A. H. Henderson, Colorado Springs, Colo., secretary-treasurer; J. Q. Miller, Belleville, Kan.; George Leitch, St. Joseph and Edwin H. White, Springfield, Ill., vice-presidents. National aid for the road is to be asked.

ST. LOUIS, March 18.—The inventory of the estate of the late Adolphus Busch, filed late today, lists personal property aggregating

7,000,000. The real estate is not listed. The personal estate consisted mostly of stocks and bonds of various corporations. The cash is listed at more than \$70,000. One hundred and fifty pieces of real estate are given in the inventory, but the value is not estimated.

Mr. Taft indorsed the commission

## MUST IMPROVE METHODS ON FARMING LANDS

**THIS COUNTY COULD PRODUCE  
MILLION DOLLARS MORE IN  
CROPS YEARLY.**

Such is Claim of Bert Hall, Representative of the National Crop Improvement Association—Speaker Pointed Out How Commercial Organizations May Aid in Great Work of Crop and Soil Conditions.

At 4 o'clock Wednesday afternoon members of the department of rural affairs, along with some others, met at the Chamber of Commerce rooms to hear an informal talk by Bert Hall representing the National Crop Improvement Association. Mr. Hall is an enthusiast in the work in which he is engaged and one could not listen to him without being inspired with something of the possibilities there are in agriculture in a community like this. The great possibilities, however, he made clear can only become realities through community action.

**Value of Seed Testing.**  
In his introductory remarks Mr. Hall made a statement that there is at least a million dollars in value which could be taken from the soil of Morgan county annually in addition to present returns if the right methods were used. He said that experience proved that the testing of seed corn made it possible to increase the average yield ten bushels to the acre, and that from this one thing, if consistently done, that it would be possible to increase the annual valuation of the Morgan county corn crop by half a million dollars. The resulting conditions from an increased corn crop would easily make up the other half million of his estimate. He said that as a natural result of the greater corn crop there would come more hogs and other live stock, the proper marketing of these animals and better road conditions.

**Four Business Methods.**  
Mr. Hall said there were just four ways of doing business. By individuals, partners, corporations and co-operation and then dwell upon the last mentioned method as being the one which will bring the most certain beneficial results to the agricultural interests of the county. As agriculture prospers so will the county as a whole prosper. He said that one reason that the counties of this section of the state are not improving their agricultural conditions as they should is because they are too prosperous. He said that the average farmer was satisfied to get well enough alone because with present methods he was doing fairly well and living comfortably and that it was in other sections where conditions were not so prosperous that better methods were coming into use and better returns were being made based on actual values. He emphasized that to get co-operation and the community spirit in a county that the work must be begun in the separate townships or in the smaller towns and then later on have a union of the organizations into one with a central headquarters.

**New Idea in Coliseum.**  
The idea of having such an organization formed in a city like Jacksonville and seek to affiliate with it the farmers throughout the country as individuals has not proved to bring the best results. In this connection Mr. Hall mentioned a new idea in coliseum building or management which has been used with good effect within recent years in a number of localities. By this plan the coliseum becomes not simply a great auditorium which is used just a few times a year for political meetings or gatherings of that kind, but instead a country club house. In such a building there would be the auditorium of course, but in addition the offices of a soil or field secretary of the county, the headquarters of the woman's club, or kindred organizations and the Y. M. C. A. quarters. Such a grouping of interests, he said, made the building a life place where something was going on of interest all the time.

**Standardizing Stock or Grain.**  
The speaker laid great emphasis on the value of a county standardizing its live stock or its seed. By the proper co-operative action, Mr. Hall said that a county like Morgan could within a few years become known as the place where one certain high class breed of hogs, cows, or some other kind of live stock was produced. Or if it became known as the home of some certain high class type of oats or corn and by this very reputation add immensely to the value of the live stock or the grain crop at the same time. Under such conditions the county would become known throughout many states as the place where the best in the lines which had been specialized on could be secured.

The speaker ventured the assertion that if tests were made of the ordinary seed oats to be planted in this county it would be found that not more than 40 to 50 per cent would germinate and said that if proper attention was paid to the matter that this county could breed a type of oats with a recognized value for seed and that in the course of time this fact would make the oat crop of the county vastly more valuable than it is today.

**The Minnesota Way.**  
Then Mr. Hall outlined briefly how a commercial organization could lead in this or other work of the class. He told of how one such organization in a Minnesota town had through co-operative action, secured in their county a building of a hundred silos and the speaker then commented upon the beneficial results to follow the establishment of so many silos in that county through the increased number of hogs and cattle which can be fed from the corn produced there. He spoke, too,

of the work being done by a group of co-related counties in Minnesota and mentioned one instance where this group of fifteen counties arranged for a shipment of \$30,000 worth of alfalfa seed into a central point where a convention was in progress. Farmers had not contracted for any of the seed, but every dollar worth was taken away when the farmers left. He cited this simply as an example as to what can be done through united effort.

Mr. Hall does not claim to have scientific knowledge of the subject, but he is full of vim and vigor and certainly looks at the matter with a broad business vision.

**SPEAKERS AT NEW ORLEANS  
ATTACK PUBLIC SCHOOL SYSTEM**

**Declare Schools are Inefficient and  
Laws are Inadequate—Improvements Proposed.**

New Orleans, La., March 18.—Public schools were attacked as inefficient and school laws as inadequate by speakers today at the closing session of the tenth annual national child labor conference here.

Improvements in school methods were proposed as one of the solution of the child labor problem.

Dr. E. N. Klopfer of New York, secretary of the Northern Child Labor committee, said children were leaving school as soon as the law allowed and for that reason schools were being assailed as too academic.

"We are in danger of jumping from the academic extreme to the vocational extreme and we forget that the real purpose of education is the development of discipline of the intellectual and moral faculties," he warned.

Harry M. Bremer, special agent of the national child labor committee pictured conditions among children who are hired to do farm work. He drew a distinction between that class of children and the average boy on the farm, who, he said, got a fair common school education.

Professor Frank M. Levitt of the University of Chicago and president of the national vocational guidance association suggested that the schools should supervise the employment of children up to eighteen years of age.

The conference closed tonight with a reception for delegates by a local suffrage club.

You will wonder how so much show can be given for the money if you see the vaudeville acts and pictures at the Grand tonight.

## TOLD ABOUT GREAT SUNDAY SCHOOL GATHERING AT ZURICH

Hugh Cork Gave Lecture at Christian Church on World's Convention—Supper Given for Well Known Workers.

A deeply interested audience assembled at Central Christian church last evening to enjoy with field secretary, Hugh Cork, a trip to the world's Sunday school convention at Zurich. The gentleman is an attractive and ready speaker and his talk was profusely illustrated with stereopticon views which made it extremely interesting.

On the canvas were thrown the portraits of the great men of the occasion, the generals who led the religious world with their work. The great object of the gathering was to arouse increased interest in missions, especially in the Sunday schools. "The world for Christ" is the great theme of the religious bodies and the work is progressing finely.

Mr. Cork gave a vivid description of the journey across the sea; showed pictures of ships, scenery, spots in Germany and especially in Zurich where the convention was permitted to come provided every cent of expense of all kinds was borne by the promoters of the enterprise and none by the people of the city in which the great gathering was held. The work we accepted and the gathering assembled and such a grand uplift and impulse in the work of saving souls has seldom been experienced. All was vividly described both by the lecture and the pictures accompanying and the whole evening was one of great pleasure and profit.

**Supper For Visitors.**  
A supper was held at the Peacock Inn at 6 o'clock by several of the Morgan county Sunday school workers for the visitors, Hugh Cork, the general secretary of Illinois and Frank E. Mayer of Chicago, business manager of the International Sunday school association. Sunday school work throughout Illinois was discussed and plans proposed for bringing Morgan county into line with the most advanced communities of the state. A committee was appointed to work in conjunction with the present organization for the purpose of studying the situation and reporting as to how Sunday school activities in this county may be widened and advanced. This committee consists of A. A. Curry, Pisgah; M. E. Kephling, Franklin; A. C. McCall, W. J. Brady and Carl Weber.

**SYRUP OF FIGS FOR  
CONSTIPATED CHILD**

Delicious "Fruit Laxative" Can't Harm Tender Little Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love it pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother—it coated, give a tea-spoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a tea-spoonful today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

## PAY FINAL TRIBUTE TO LATE JOHN W. STIMPSON

Impressive Funeral Services Held for Former Resident of Jacksonville at His Home in Kansas—Sketch of Mr. Stimpson.

The funeral services of the late John W. Stimpson were conducted from the Presbyterian church in Eldorado, Kans., Sunday afternoon at 2:30 o'clock, in charge of Rev. J. W. Evers. Those attending from Jacksonville were J. W. Breckon, Fletcher Hopper, J. V. Breckon and R. W. Dodsworth. The singers were Mr. and Mrs. Elmer Wiley, Miss Edna Smith and C. M. McCaugan. The Sabbath school of which Mr. Stimpson was superintendent, went from the Sunday school in a body to the home. The bearers were Messrs. K. M. Geddes, C. E. Fullinwider, H. D. Williams, S. E. Black, Dillon Hamilton and George W. Stinson.

Obituary.

John W. Stimpson was born in Springfield, Ill., Sept. 5, 1849. He united with the Methodist church in 1868, was married to Mary E. Dodsworth Feb. 12, 1873. They moved to New Berlin where they started in the new home.

They found Christian people but no church organization. Soon a Presbyterian minister came to preach for them and in time a church was organized of which Mr. Stimpson became a member and served as superintendent of the Sunday school for a number of years. He lived at New Berlin for eight years, then moved to Virginia, Ill., where he became identified with the Presbyterian church. He was ordained as elder and again became a Sunday school worker.

Later he sold his farm and moved to Jacksonville, Ill., where he and an old schoolmate, J. W. Smith, engaged in the lumber business. He served his church there, too, as an elder and Sunday school superintendent for twelve years. In 1902 he and Mr. Smith sold their interests there and bought land near De Graff, Kans. He and his son, E. L. Stimpson, engaged in stock farming for four years. While living there the De Graff church was organized and he and the family became members. Eight years ago he moved to El Dorado and he has been engaged with T. B. Ellsberry in the hardware business since 1911.

His life since living in El Dorado, in home, church and community, speaks for itself. He was a member of several lodges, the most prominent being the I. O. O. F. in Jacksonville, where he filled all the chairs of the order. He was also a member of the M. W. A. here.

Five children were born to Mr. and Mrs. Stimpson, two sons dying in infancy and three children surviving, Mrs. C. O. Boston, E. L. Stimpson and Ruth M. Stimpson.—Walnut Valley Times.

Jacksonville lodge No. 570 A. F. & A. M. will hold a special and stated meeting tonight at 6:45. Work. Visiting brothers welcome.

MISSION STUDY CIRCLE MEETS.  
The regular meeting of the Mission Study circle of the Congregational church was held with Mr. and Mrs. F. J. Waddell, at their residence on Duncan place, Tuesday evening with a good attendance of members.

Miss Marian Fairbank gave a well written review of "The Man Farthest Down," or the "European Toilers," by Booker T. Washington. The author spent several weeks in Europe studying the conditions of the working classes of the different countries and in his book states that the condition of the negro in the United States is far better than that of the peasants of Italy. After the program Mrs. Waddell gave a number of selections of Irish music on the Victrola and refreshments suitable to the occasion were served.

## PERFECT PLANS FOR TEACHERS' CONVENTION

CENTRAL DIVISION OF ILLINOIS  
MEETS HERE MARCH 27-28.

Committees Chosen to Have Charge of Arrangements—General Headquarters Will Be in Grace Church Parlors and Sessions in Christian Church and High School.

Preparations are nearing completion for the meeting of the Central Division of the State Teachers' association which convenes at Jacksonville Friday and Saturday, March 27-28, for its thirtieth annual session. The parlors of Grace M. E. church have been selected as the general headquarters, the place for the assigning of rooms and the reception of teachers, etc. The general sessions of the association will be held in the auditorium of Central Christian church and the section meetings will take place in the high school auditorium. At a meeting of the heads of the ward schools and assistant principal of the High school Wednesday afternoon at 1:30 committees were appointed to look after the various activities of the convention. These appointments were approved at a meeting of the Jacksonville committee of the division, held at 3:30 in the office of City Superintendent W. A. Gore. The Jacksonville committee consists of W. A. Gore, Charles E. Collins, H. C. Montgomery, W. H. P. Huber, Paul Morrison, H. M. Buland and Misses Clara Cobb, Agnes Lusk, Elizabeth Higler, Agnes Paxton, Laura C. White and Edith Dunlap.

After some discussion regarding the local expenses the committee decided to recommend that all expenses be met by the teachers of the city and appointed as their spokesman, Principal C. E. Collins. Mr. Collins will present the matter at a special meeting of the teachers this afternoon at 3:30 in the high school auditorium. "Strictly no passes" was the sentiment advanced by Superintendent Collins and sustained by the committee when it was proposed to apply to the Railway & Light Co. for free transportation for the committee heads who will have charge of guiding the teachers and escorting them to and from the trains. The heads of the various committees will procure street car tickets and supply them to their helpers as needed.

The committees appointed yesterday afternoon to have in charge the management of the convention follow. Each committee consists of students of the high school with the exception of the chairman, who is a teacher.

General Local Managers—H. C. Montgomery and W. A. Gore.  
Assistant General Local Managers—Charles E. Collins and Helen L. Calky.

Secretary of the Committee—Laura C. White.

## ILLINI LODGE HAS ISSUED FINANCIAL STATEMENT

Is Second Oldest Odd Fellows Organization in the State—Membership Now Five Hundred and Thirty—Vast Sum Paid in Benefits During the Years.

The auditing committee of Illini Lodge No. 4, I. O. O. F., has just completed and has for distribution a neat folder showing the receipts and disbursements of the lodge since April 1, 1911. The statement takes in all the matters pertaining to the erection and furnishing of the new temple and shows the lodge to be in a very flourishing and prosperous condition.

The statement also shows that Illini Lodge No. 4, is the oldest and financially the strongest fraternity in the county, and has without a doubt expended and contributed more for the relief of its members and their families than any other lodge in the city. It is doubtful if any in the state has been so liberal. Illini Lodge No. 4—the first organization now existing that was instituted in Morgan county and the second oldest lodge of Odd Fellows in the state of Illinois, has grown from a membership of seven to a grand total during its history of 1497. At present its membership is 530. Organized July 21, 1838, it has for more than seventy years taught fraternity, nursed the sick, buried the dead, relieved the distressed widows and orphans. Thousands of dollars have been paid out to sick and disabled brothers and since the year 1900 there has been paid in funeral benefits alone more than \$50,000 and since organization has paid out for sick and funeral benefits, nursing and special relief \$215,928.43.

Not without struggles and hardships has its history been written. The awful cholera scourge, the trials of the civil war, two destructive fires that rendered the lodge homeless and which destroyed much of her valued archives and yet the lodge has never lost faith in the teachings of the beloved order or forgotten the obligations of its brothers.

For years its membership has planned and saved in order that some day it might have a lodge home of its own and today No. 4 has a commodious Temple situated on E. State street. The building is 60x110; the entire second floor is utilized for lodge purposes. No more complete and beautiful lodge quarters are to be found in the state, the architecture and planning could not be more complete and comfortable and the furniture and furnishings are both rich and substantial. The lodge room and parlor when thrown into one auditorium will seat nearly one thousand people. The banquet hall is one of the largest and the finest in the city, complete with china, silver and all the equipment for serving, which is a part of the lodge's provisions for the social side of Odd Fellowship. It is in short an ideal home—a temple and a monument in one—a memorial to the forethought, energy and faith of its membership—a faith in the future and in the lasting principles of Odd Fellowship.

Ladies will be glad to know that the fine millinery display of L. C. & R. E. Henry will continue to Saturday night.

RECEIVE ACKNOWLEDGEMENT  
W. D. Gates, chancellor commander of Jacksonville Lodge No. 152, Knight of Pythias, is in receipt of a letter from Mr. and Mrs. George Brown, proprietors of Langton House, Leamington, England, the hotel occupied by Judge and Mrs. Barnes, during the last illness of the judge. The letter acknowledged the letter of thanks sent some time ago by the Pythian lodges of this city to the proprietors of Langton House for the kind treatment shown the unfortunate guest. QUICKLY PUTS A QUIETUS  
ON A COUGH OR COLD

You save money when you buy Foley's Honey and Tar Compound, because only a few doses are needed to check a cold, stop a cough, and soothe the raw, inflamed surfaces. Foley's Honey and Tar Compound has always been a favorite family medicine with particular people, because of the entire absence of opiates or harmful drugs, because it is mildly laxative, instead of being constipating and because delicate persons and children take it without its ever disturbing the stomach in any way. It has superior healing qualities, and is quickly and thoroughly effective for coughs, colds, croup, whooping cough, la grippe and bronchial coughs, stuffy wheezy breathing, and for any sore or inflamed condition of the throat and lungs. So many people who do not cough at all during the day time, find themselves unable to sleep at night owing to a tickling throat and hacking cough. A few sips of Foley's Honey and Tar Compound will entirely relieve this condition. It is also excellent for the chronic coughs of elderly people. In 25c, 50c and \$1.00 sizes. The genuine is in a yellow package. Remember the name, Foley's Honey and Tar Compound, and do not accept any other. For sale by City Drug Co., J. A. Obeymeyer.—Adv.

## Here's a Cure For Sciatica

Painful Form of Rheumatism  
Quickly Overcome.

Those sharp darting pains that characterize sciatic rheumatism should be treated in the blood. And by using S. S. S. you not only get relief but a cure. S. S. S. has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein, and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys and bladder to all work to the one end of casting out every irritating, every pain-inducing atom of poison; it discharges by irrigation all accumulations in the joints, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains. And, best of all, this remarkable remedy is welcome to the weakest stomach. If you have dragged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs. You can get S. S. S. at any drug store. S. S. S. is a standard remedy, recognized everywhere as the greatest blood antiseptic ever discovered. If yours is a peculiar case and you desire special information, write to The Swift Specific Co., 221 Swift Bldg., Atlanta, Ga.

## CIRCUIT JUDGE TO BE NAMED AT ELECTION TUESDAY.

The Democratic nominee of next Tuesday's primary will be the next circuit judge. It is therefore up to Morgan county Democrats to vote at the primary for Judge Baldwin if they wish to retain a resident circuit judge. In this case the voting is done in the primary because it practically determines the election in April. While none but Democrats can vote in the coming election the people as a whole have an interest in the matter for the man who is nominated that day will be the circuit judge.

The necessity for a special court order, such as habeas corpus, injunction, etc., emphasizes the value of having a resident circuit judge. This was shown last week in the Nunes case, where an array of witnesses and attorneys were compelled to go to Springfield in a habeas corpus proceeding. A resident circuit judge would have avoided this inconvenience and expense of a trip to Springfield.

## UNITING CITY AND COUNTY.

Jacksonville was yesterday the meeting place of secretaries of a number of the commercial organizations of cities in this part of Illinois. Movements of state wide interest were discussed at this conference and there can be no doubt but that the scope of the work of commercial organizations has been greatly broadened during recent years.

Present day belief is that the commercial organizations can and should aid in such important work as securing better roads and in building up agricultural conditions, matters which will require years to accomplish the desired ends. There is the expressed thought, too, that the organizations should consider the word commercial in its very broadest sense in the work to be undertaken. In a place like Jacksonville the commercial organization could accomplish no greater thing than that suggested by John J. Reeve when he said that the city and county should reach that point when there is no dividing line, when all residents recognize that their interests are in common.

## THE COLISEUM OF THE FUTURE

Bert Ball of Chicago, speaking at the Chamber of Commerce rooms, said yesterday that the modern idea of a city coliseum is not simply a great hall or auditorium where political or other gatherings are held a few times a year, but rather a country club house. A few such coliseums are said to be in existence now and in one city the building includes besides the auditorium, headquarters of the chamber of commerce, the office of the county crop expert, a public rest room, offices of the woman's club, the Y. M. C. A. rooms. The country club idea certainly gives to the coliseum a much greater usefulness than has been true of the old type.

## Thursday

BY WALT MASON

When Thursday comes, with smiling eyes, all other days seem cheap and vain; I always think we ought to rise and hand it a gold-headed cane. Thor, son of Odin, god of war, believe me, reader, was a peach, and when a scrap he lusted for, the other gods let out screech. And so for him they named this day—a hint that we should gird our loins, make war on sloth, fool habits slay, and gather in the sparkling coins. In olden days they used to wade around in blood and dead men's bones, but all such customs are decayed, with ancient swords and ancient thrones. We do not fight today with clubs, with maces or with bombs accursed, yet we must meet the warlike dubs who try to swipe the pudding first. The battle in the busy mart is fiercer than was Flodden Field, and strikes more terror to the heart, though ne'er a claymore do we wield. And Thursday brings new martial fire to warriors who are distressed, it nerves the arm that's prone to tire, and fills with zeal the languid breast. If this is false—if Thursday fails to nerve us for a further strain, well may the gods indulge in wails—the Son of Odin lived in vain!

## COMMERCIAL CLUB OFFICIALS CONFERRED

CONSIDERED QUESTION OF MOMENT TO GENERAL BUSINESS INTERESTS.

Various Cities Represented at Gathering—Important Relationship of Agriculture to Commercial Prosperity is Pointed Out—Work Outlined is Very Broad in Scope.

The Illinois Commercial Federation held the eighth district conference in Jacksonville Wednesday and representatives from commercial clubs in various cities were present. The conference was held here through the invitation extended by Secretary Fritchey. The morning session was held at the Chamber of Commerce rooms and after a luncheon at the Peacock Inn another informal conference was held. At four o'clock the session was devoted particularly to an address by Bert Ball of Chicago, his theme being, "The Relation of Commercial Organization to Crop and Soil Improvement."

Among those present for the conference were E. C. Ferguson, Chicago, president of the federation; Willis Evans, Peoria, secretary-treasurer; H. J. Kenner, Chicago, field secretary; Mr. Moon of East St. Louis; Mr. Berger of Granite City; Mr. Kellum of Centralia; Mr. Steele of Sullivan; Mr. Joestings, Alton.

The first session was called to order by President Ferguson who stated that it was the second meeting of the Illinois Commercial Federation in the southwest part of the state and the desire was to inspire the people with a wish for the success of the organization. He then called on J. J. Reeve, president of the Chamber of Commerce, who tendered a kindly welcome to the gathering. Mr. Reeve said he was now in the office and much appreciated the importance of the work. He said it was the duty of all to serve the public in some way free of charge. There is too much a line of demarcation between city and county; all should be united and this vicinity should all be known as Morgan county, strictly one in all things.

Replying, President Ferguson said it was a pleasure to hear such words as Mr. Reeve had uttered and suggested the Jacksonville man struck the key note when he said the city and the county should be one for they should. In that spirit the visitors were present. There had been much activity which would be expected of such an organization. There was no new land in the state to be settled and no attractions for immigration as was the case with Missouri and Texas but we need to know in Illinois what we can do. The sentiment of federation was much needed and more men should be interested. They wanted Jacksonville to take hold and help by joining and helping with the expenses of the federation.

Willis Evans, Peoria, secretary-treasurer, spoke. While the work of two years had been a success, it should only be an incentive to strive for greater things. The president had well stated the condition and needs of the organization. The idea of federation was surely spreading and would be an important factor in the progress of the state. The paper published by the organization was a good thing and should be patronized liberally. Much work remained to be done in the state and many cities needed to be brought into the federation.

H. J. Kenner, Chicago, field secretary, told what he had been doing in various places, meeting with business men's associations and urging them to greater activity and suggesting many things they should undertake in their work.

The address by President E. C. Ferguson on "Federation Progress" was in part as follows:

"We desire to establish a clearing house through which there can be disseminated information to help establish more beneficial and economical working of the Chambers of Commerce and other allied organizations. A chamber of commerce is no longer the means of establishing factories, but is the directing force in the building of cities and the making of men, and you of Jacksonville who have thousands of men living under the influence of the life blood given here must enter into this new educational work. "Your secretary, Mr. Paul B. Fritchey, is one of those progressive men of the younger generation whose vision is broad, and his work ranks with the efficient men of his class, but he can only do that part which you yourselves bridge into your own organization or that of the state, and he can gather from the visions and expressions of other men and organizations and bring them to you in a more concrete form for your consideration and benefit, but you can only get out of your organization what you, as members, put into it. "I speak of your organization, simply as one would speak of every organization of this kind. You can no longer work along simply a material line, but you must combine the material with the civic and social conditions. Therefore pledge yourselves to help your secretary and help Jacksonville, and help Illinois, in this effort to make the state one where the voice of the best citizens will be heard in the halls of the legislature and in all the other avenues for the development of the state when its organizations through their committees shall ask for co-operation.

Is Community's Vitalizing Force.  
Today, the Chamber of Commerce in every city and hamlet has come to mean that it is the vitalizing force of the community. We need few churches, less doctrine and more religion with places for the worship of God accessible to all, social

church centers for religious and social life, with better facilities for pleasure, in and out of doors, than the back lot affords. The church has been the great pioneer, but the doctrine of co-operation and concentration needs to be a part of their creed. Today they are wandering like the Lost Tribes of Israel. No land or people can live or prosper without an abiding faith in God, and evidence by work for the development of the land which he gave to man, with all his needs, and to develop it and its people should be our highest aim.

The union of these forces must control the destiny of the community, and we should survey each respective locality so that city planning shall have for its primary purpose creating a proper place in which to live, good and economical government, educational institutions, sanitation, good morals, and industrial and agricultural development, as incentives to keep the rising generations at home. Thus, in creating these conditions and in beautifying your city and creating an intercommunication with the cities, we are establishing some of the principal elements for which these organizations must stand.

That there are too many organizations in the same place, working along the same lines, cannot be gained, so that no city or county, or state, is getting the full benefit of the energy devoted to these civic, industrial and agricultural questions. There has been no organization to correlate these bodies. Therefore, the men having a state-wide hope and vision have undertaken, under the Illinois Commercial Federation, to bring into some uniform relation all the organizations in the state, and to develop for the state in some concrete form a uniformity in organization and action.

To Make Federation a Service Body.  
We hope to make the federation a service body in each community, and a clearing house which will serve each community organization in giving to them such advice and assistance and information as may be needed in the work which they are undertaking.

The advisory council is composed of the officers of the federation, and the secretaries and one member from each of the respective commercial clubs or chambers of commerce, and twelve members-at-large.

By this means we expect to provide a working force throughout the entire state, and also an inner organization of the commercial secretaries, so that we may all have a closer working union.

The legislative and administrative committee will have to do with watching those proceedings in the legislature which are of state-wide interest, and working in conjunction with the Legislative Reference Bureau, provided by statute at the last legislature, will enable us to send to each organization a copy of all laws, which should have the state-wide consideration of the Illinois Commercial Federation, not only so that we may know that the law that is passed is a desirable law, but that this function may be performed for the whole state and not for any particular locality.

There is in this connection, the question of determining whether we shall have a Constitutional Convention, or Constitutional Amendments. There are questions of:

Laws relating to dishonest advertising;  
Laws relating to the Industrial Board of Arbitration;  
Laws relating to the support of Highways.

And laws which are involved in the town building and housing, in which every town has a similar interest.

We can do well to consider the new Revenue Law.

The reduction in the number of taxing bodies in our various municipalities.

The question of good roads is being thoroughly agitated throughout the state, but there is a divergence of opinion, and a divergence of methods of approach to the work. Therefore, if there is some state-wide consensus of opinion created by the chambers of commerce of the state, the result will be more beneficial.

Should Build Roads Now.

## THEN and NOW

MARCH 19, 1914.

Sixteen years ago today the battleship Oregon began the most remarkable race against time in naval history. On this date in 1898 it left San Francisco to join the warships in Atlantic waters. There was an effort to surround the Oregon's movements with secrecy, but everybody guessed her mission and bets were made on the success of the trip. Tension relaxed for a time after the Oregon appeared at Callao, Peru, her first stop, but it became the more acute as she steamed southward toward the Straits of Magellan where a Spanish torpedo boat lurked and tempestuous seas made the passing of the straits hazardous. After 33 days out of San Francisco the Oregon dashed into the Atlantic, and up the coast, evading the Spanish warships reported lying in wait for her. On the evening of May 24 she steamed into Jupiter Bay, having covered the 14,000 miles in 67 days. The record trip made her commander, the now Rear Admiral Charles E. Clark (retired), a national hero.

Today the Oregon's trip may be safely recorded as the only one and the last of its kind. No other warship is likely to be called upon to make the circuit of South America. Before another war can come to pass, the gateway of the oceans will have been opened at Panama. Then a modern battleship steaming at the same rate as the Oregon, might make Jupiter Bay, Florida, from San Francisco in less than twenty days. She will not suffer for want of coal, as did the Oregon. She would need to refill her bunkers but once, and this while passing through the canal. During the 8 to 12 hours passage of the Isthmus the engines could repair or overhaul her machinery and barnacles, the bane of high speed would be cleaned. Thus refreshed the battleship would dash across the Gulf of Mexico and into battleline well stocked with both fuel and ammunition.

## PRESIDENT WORTHINGTON IS REPORTED SERIOUSLY ILL

CHICAGO, March 18.—John W. Worthington, president of defunct American Banking association, against whom various charges of irregularity in banking methods have been made, was quarantined in a hotel here today. He is seriously ill, according to the city health department. The affairs of the banking association are now in bankruptcy. Worthington was to have been placed on trial today charged with operating a confidence game.

Charles Ogles, Elmer Smith and Fred Madden were visitors in the city yesterday from the Bend neighborhood.

## TRUTH TRIUMPHS

Jacksonville Citizens Testify for the Public Benefit.

A truthful statement of a Jacksonville citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine.

A Jacksonville citizen tells of Doan's Kidney Pills.

Could you demand more convincing proof of merit? Mrs. J. H. Allen, 430 S. Main street, Jacksonville, Ill., says: "I can strongly recommend Doan's Kidney Pills for they did me a world of good. Often I was so dizzy that I couldn't see and I also felt nervous. My kidneys were weak and I had backache. Doan's Kidney Pills fixed me up in good shape."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Allen had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

## STOMACH FEELS FINE

Time "Pape's Diapiesin!" In Five Minutes all Sourness, Gas, Heartburn and Dyspepsia is Gone.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapiesin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any distress—eat without fear. It's because Pape's Diapiesin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large fifty-cent case of Pape's Diapiesin from any drug store. It is the quickest, surest stomach relief and cure known. It acts like magic—4t is a scientific, harmless and pleasant stomach preparation which truly belongs in every home—Adv.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Ed ward's Olive Tablets.

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need to have a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio. For sale by all druggists. —Adv.

## CHICAGOANS DOMINATE ARGENTINE'S BEEF INDUSTRY

Department of Agriculture Report Asserts Chicago Companies Do Major Portion of Entire Business.

Washington, March 18.—How Argentine's beef industry which imports millions of pounds of meat into the United States monthly under the new tariff law, is dominated by Chicago slaughtering and packing companies, which "do by far the major portion of the entire business," is described in a "farmers' bulletin" issued today by the department of agriculture. That Argentine beef has caused a reduction in the prices of meat in the United States has been generally supposed by the department's bulletin remarks that "it is not assumed that the American controlled companies in Argentine are using Argentine beef to beat down the prices of Chicago beef."

At the present time the bulletin says there are nine establishments for slaughtering, chilling or freezing and exporting beef located in or near Buenos Ayres and five of these companies are owned or operated by Chicago houses.

According to the bulletin nine million pounds of Argentine beef are being imported into the United States monthly. It is shown that in October the United States received 2,090,794 pounds; in November 3,988,898; in December 9,440,488 and in January 8,935,797 pounds.

In the summarized conclusions of the bulletin it is shown that imported Argentine dressed beef adds to the national supply of the United States at the recent rate, a little more than one per cent, "while some of this meat," the bulletin adds, "has come from British Frigorificos at Buenos Ayres, a great deal of it has been consigned by the Buenos Ayres Frigorificos of the Chicago slaughtering and packing companies to themselves at New York for sale by themselves in New York or wherever they please to send it by rail."

WANTED—

## COMMERCIAL CLUB

## OFFICIALS CONFERRED

(Continued from Page 7.)

We need to provide for a method of building our roads at the present time, and not wait for future generations to find out their value, or to enjoy their use. We need to consider the question of giving our approval to the use of convict labor in the building of roads, and the personal opinion of the president is that the entire convict labor of the state and municipalities should be used in the construction of streets and highways, with some moderate compensation to these convicts to aid in the support of their families; that the reduction in the cost of the labor will redound to every class, be they capitalists or workmen, in the reduction of the taxes, so that there should be no disagreement between the classes upon this question.

The Tice bill should receive the support of this organization. There are some amendments which are deemed advisable, which should also have our hearty support. For instance, the enabling of counties to issue bonds for the immediate construction of roads. Why wait for the annual division of taxes? Why wait for new roads, when a plan can be devised to give them to us at once?

The time must come when the roadways of this country will have a utility conduit for a rural water system, domestic sewerage, gas, electric light and provision for all kinds of telegraph and telephone wires; and the rental value therefor will pay the up-keep on the entire system. Besides this will furnish those conditions of life which rural communities should have, and preparation should be made for the density of population that will come to the state within a few years.

If this organization should approve a plan of this character then the voice of the people of Illinois. There must either be a new constitution in the state of Illinois, or a way be provided by which we can amend the constitution in at least five particulars at any one session of the legislature. The necessity of these changes is an impairment to state progress.

Vocational training and direction after the usual school work, so that boys may be developed to advance in their earning power. Teach them the value of discipline in work as well as study, and create out of them a new type of citizens. The creation of social centers of the country. The development of the township high school.

The education of specialists to be employed as commercial secretaries, men who will be able to bring to you scientific efficiency and the economical management of your chambers of commerce.

A country conference such as has been held in De Kalb for several years. An investigation of this work will be well worth your while.

Many of these topics would present an opportunity for a lengthy presentation of their value.

## Agricultural Situation of Interest.

One subject that interests us most, however, is that of the agricultural situation. It has been said that "the rise and fall of empires is the ebb and flow of agriculture." And no greater evidence of the value of education needs to be viewed than the great university of the state of Illinois, ranking among the first, not only in the line of general education, but in the line of business administration, agriculture, engineering and in the many other departments, and the development and creation of men; and the voice of the people should go out in support of those men who have for the past twenty years given thought, time and consideration which have caused this great institution to enlarge and develop; and we should be lavish of our taxes in the consideration of the entire university education; and also in our taxes to any other of the public institutions which in a more or less degree carry on in a less expensive manner the plans of the state university.

And in this connection, one of the greatest works that every chamber of commerce should undertake is the affiliating of the farmers with their organization, making them active members in every department of the organization, and aiding in the establishment of churches and civic centers in the country is just as important as the establishment of civic centers in your city. The provision in your city for a place of rest and recreation for the people from the country districts, when they come to the city to trade and visit, is of the utmost importance, and also in the country the development of these welfare features, which will give to the boys and girls an opportunity for education, and the creation of a congenial atmosphere which will encourage them to remain on the farm; in other words, give to the people in the country as much attention and the same surroundings that they feel exist in the city.

The civic and industrial committee will have a grand opportunity to combine the civic development with the industrial conditions. We hope to see the time when every factory making goods in this state will identify them by the proper brand, as made in their town in Illinois, United States of America, and to develop such surrounding factory conditions with the green grass and flowers, and play grounds and library facilities as will bring to the great masses which are now in these classes of employment, the true spirit of American homes and working conditions.

In conjunction with this work exhibitions showing local industries and their products, also including city development and industrial development and agricultural development will arouse the pride and better instincts and a good fellowship in the different communities.

In the work of town planning and

development there should be an effort made to have the city or town made practical, symmetrical, beautiful and influential.

The committee on the centennial and historical work wishes to create a grand celebration of the centennial in 1918, when our state is 100 years old.

The foreign and domestic commerce committee has for its plan a co-operative method of representation of all the manufacturers of the state in foreign markets, and to aid in the educational work necessary to inform our manufacturers of the best method of approach to these markets.

## What Illinois Produces.

A brief suggestion as to what Illinois produces and the importance of this work. We need but to reflect a minute. This state leads in the production of agricultural products, and produces \$372,000,000 per annum.

We produce in cattle, \$300,000,000 a year.

The by-product of our cattle in dairy products is \$30,000,000 a year.

We have from the hens on the farms a value of \$18,000,000 a year.

From our agricultural implement factories we produce approximately \$60,000,000 a year.

Our coal fields are approximately \$60,000,000 a year.

We rank third in the production of oil to the extent of \$20,000,000.

Our iron market ranks among the first in a trade of approximately \$125,000,000 and in other and most of the activities of life Illinois either ranks first or near the top.

The recent census bureau reports that Illinois was the first in the production of corn, and first in the production of oats, so we can well say: Illinois, first in corn, first in oats, and first in the hearts of her countrymen. Lying as she does, holding the occident and orient of our great country within her palm, it becomes us to be the leader and the friendly advisor and co-operating spirit with all the states of the Mississippi Valley.

A Bureau of Publicity will soon be established at Springfield, and it will be in charge of a field secretary, whose duty it will be to direct the clearing house methods, of which I have spoken, and also in connection with his work he will visit the various organizations throughout the state, and advise and assist them in building up their organizations.

A lecture bureau will call into activity the men of our state who can speak on various subjects in which their organizations are interested. The president, as well as these gentlemen, will be pleased to attend your meetings and present their thoughts on various subjects, such as co-operation in this line of work, road building, educational subjects, efficiency, methods of conducting chambers of commerce, tree-planting, city lighting, paving, street signs, advertising, and numerous other activities which have become a part of the development of city and country life.

## MI-O-NA FIRST AID

## TO SICK STOMACHS

Distress after eating, belching of gas and undigested food, that lump of lead feeling in the stomach, sick headache, biliousness and lack of energy, indicate dyspepsia. Now—at once—is the time to remove the cause and stop the distress.

MI-O-NA is the remedy. Surely get a box of these health-restoring tablets from any druggist today. Their action is safe, effective and immediate. Besides quickly stopping the distress MI-O-NA soothes the irritated walls of the stomach and strengthens the gastric glands so that they pour out their daily supply of digestive materials—your food is promptly digested and assimilated, the entire system is properly nourished—you feel strong, energetic, and perfectly well.

MI-O-NA is not an experiment—it is not a cure-all—it is a scientific remedy recommended only for indigestion distress and out-of-order stomachs. These health-giving and harmless tablets are a household remedy—keep them handy whether at home or traveling. Always sold, on the money back if not benefited plan. You can surely afford to try a fifty cent box of MI-O-NA on this basis.—Adv.

## The Ayers Safe Deposit Vault

A Safe Deposit Box is not a luxury, but a necessity to the owner of stocks, bonds, deeds, mortgages, insurance policies and other valuable papers.

Anxiety about jewelry and silvewares, not in use is dispelled when they are in a Safe Deposit Vault.

It may be of interest to know that in the construction of the vault there are more than 380,000 pounds of steel and the door itself weighs 14 tons.

To rent a Safe Deposit Box in this vault costs less than one cent a day.

Private rooms for the examination of papers are provided for the convenience of patrons.

SONG RECITAL GIVEN  
BY MRS. GEORGE OREAR

Large Audience Hears Splendid Program by Musicians of Illinois College Conservatory of Music.

Mrs. Genevieve Clark Wilson presented Mrs. George Orear in song recital at Illinois College Conservatory Wednesday evening. Mrs. Orear gave a varied and unusually interesting program, and was assisted by Mrs. Andrew Russell, Mr. Viggo Jensen, Miss Marguerite Butler and Mr. Dean Cochran.

The first group of songs was selected entirely from Russian composers, whose vocal works are all too little known in the musical world. Russia has an extraordinarily rich fund of folk songs to draw from, its people having found expression for its long suppressed emotions in this manner, and Russia's great composers have taken advantage of this wealth of material in constructing their songs, symphonies and operas. Of the group sung by Mrs. Orear the second and last were perhaps the best, while her voice showed to particular advantage in the last four. The aria from "Louise", that melodious outburst of ecstasy, was given with good phrasing and evident understanding of its dramatic significance.

In the Sonata for piano and cello, played by Mrs. Russell and Mr. Jensen, the audience evidently found great pleasure. It is a work full of charm and grace, composed in the unmistakable Godard manner, overflowing with pleasure melody and bizarre harmonic turns. The difficult piano part was played by Mrs. Russell with ease, its fluent brilliancy as well as its emotional content being well brought out at all times. Mr. Jensen's tone improves constantly, and he produced some very beautiful effects in the adagio, which is most grateful for the cello.

It would be difficult to say which of the English songs was best sung by Mrs. Orear, but the "Jean" and the "Play Make-believe" seemed to appeal most strongly to the hearers. The obligatos played by Mr. Jensen and Mr. Cochran added greatly to the last two numbers. Nevins' "Doris" is a composition of much charm, in the best vein of the composer, and in it the singer's voice seemed fresher than in the first number on the program.

Mrs. Orear has appeared before, as Miss Emilene Brown, two and three years ago, on the Conservatory programs, but many of her friends were surprised at the remarkable progress she has made since then. Her voice has grown in volume and richness, she sings with greater authority and excellent breath-control, the quality and color of the voice having also improved greatly. Her faithfulness to pitch is gratifying.

The hall was full to overflowing with a most enthusiastic audience, who applauded the singer without stint.

The accompaniments, many of which were difficult and of equal musical importance with the song itself, were played by Miss Butler with sympathy and skill. They were never obtrusive, yet supported the singer perfectly.

The program in full was previously printed.

All grades 5c lb. cheaper. We give our customers the benefit of the coffee decline. Claus Tea Co.

## NORTH END SOCIAL CLUB MEETS.

The North End Social club met at the residence of Mrs. Sherman Mount, 518 Oak street, Wednesday afternoon, with a good attendance. The club was favored with a few brief remarks by Rev. E. M. Harlis and Mrs. M. Meadows read a selection from Paul Lawrence Dunbar. The next meeting will be held with Mrs. Thomas Parker of North Pine street.

## THE DOLLS' STORY HOUR.

Miss Ruth McLaughlin, head of the children's department at the public library, gave a dolls' story hour Wednesday afternoon in the library audience room which was well attended and especially appreciated. The stereopticon was used and a number of pictures of dolls of other countries and other times were projected on the screen. This talk by Miss McLaughlin was the last of the story hour series.

## SOCIAL EVENTS.

An "exchange" party was given Tuesday afternoon by the Misses Rataichak at their home, 1225 West College avenue, for the benefit of Bethany Bible class, of which Miss Lizzie is vice-president. A "reading" by Miss Katie Clarkson, a "Green" contest and jokes in keeping with the day, were most delightful features of entertainment, as was also the "Exchange" idea, which created much merriment.

The party was also in honor of Mrs. S. T. Bowley, who says that she was born upon the same day St. Patrick was, but not the same year. She is a member of the class and also substitute teacher for the same. Bethany Bible class is educating an orphan in Porto Rico, and the money thus raised will go toward that pledge. About fifty ladies were present who will long remember the occasion with utmost pleasure. Prizes in the two contests were won by the guest of honor, Mrs. Bowley. Dainty refreshments were served and the guests departed feeling that they had spent most delightful afternoon.

Tuesday evening, Miss Dorothy Carroll entertained a limited number of friends at her home on South East street in honor of her birthday. The evening was delightfully spent, games and music being the feature of entertainment. Delicious refreshments in keeping with St. Patrick's Day were served and at a late hour, all departed wishing Miss Dorothy many more happy birthdays. Those present were: Lela Willerton, Virginia Willock, Gladys Howard, Thelma Wilkinson, Leil Wyatt, William Winchester, Paul Wilkinson, Arthur Brown, Dorothy, Roy and Faye Carroll.

LARGE NUMBER AT  
MANY SPRING OPENINGS

Beautiful Display of Millinery and Other Attractive Things for Men and Women Shown by Various Merchants.

While Wednesday could not be termed a spring day, a great many took advantage of "Opening day" to see the many beautiful things which the various merchants had on display. The visitors seem to enjoy the cool bracing atmosphere and everyone appeared good natured and cordial greeting abounded on every hand.

The merchants have been preparing for several days for the event and as a result special care was taken to dress all windows properly and goods were displayed in a most attractive manner. Individual mention could well be made and the decorations in some instances would rival that of the larger mercantile centers.

While it was a time when most people visited the stores to "just look around" there was a good trade, in both establishments for ladies and gentlemen. It is a prevailing opinion that better values for the money invested can be secured from the Jacksonville stores than in cities two and three times the size of Jacksonville. The merchants here have made a close study of the needs and desires of the people, and so buy accordingly. Judging from the interest manifested yesterday the approaching season is destined to be a profitable one for the business men. A pleasing feature of yesterday's crowd was the large number of ladies from out of the city, who took advantage of the occasion.

Among those who had special displays were: Harmon's, J. Herman, Myers Bros., F. J. Waddell & Co., Floreth's, C. J. Deppe & Co., Frank Byrns, Hillerby's A. Wehl, T. M. Tomlinson, Andre & Andre, Smith Bros., Phelps & Osborne, Lukeman Bros., The Emporium, Garland & Co., S. S. Knoles, L. C. & R. E. Henry, H. J. & L. M. Smith, the Misses Carroll, Mrs. J. M. Beerup, Mrs. W. H. Stallings, Miss Margaret Harney, Breckon & Jenkinson, Jacksonville Tailoring company, C. V. Frankenberg, Johnson, Hackett & Guthrie.

## SPRINGFIELD MINISTER HEARD

At State Street church last night, Rev. Mr. St. Cloud of Springfield was heard in a strong sermon from the text "Grieve not the Spirit." Mr. St. Cloud addressed himself particularly to church members and impressed upon them in a very forceful way the faithfulness which should characterize their conduct as such. The minister emphasized his sermon points with apt illustrations. Mr. St. Cloud came to Springfield only a few months since from Washington, D. C., where he had a successful pastorate for a number of years.

Tonight Dr. Luccock will preach at Westminster church.

## VISITORS IN ROHRER.

Mrs. Lucy Cravens has gone to Rohrer to visit her daughter, Mrs. Charles Baker. She was accompanied by her sister Mrs. Wm. Spreen, of east of the city, and her niece, Mrs. Bessie Jones and little son and daughter of South Prairie street. Mrs. C. M. Peak expected to go with them and be a guest at the Baker home a few days, and will visit relative in Modesto and Waverly before returning home.

## Nothing Wanted.

Some time when you have a bad cold give Chamberlain's Cough Remedy a trial and you will find nothing wanting in that preparation. It loosens a cold, relieves the lungs, aids expectoration and enables the system to throw off the cold in much less time than the usual treatment. Mrs. L. R. Allison, Logansport, Ind., says: "I have never found anything that gave me relief like Chamberlain's Cough Remedy does." For sale by all dealers.—Adv.

### CAN SEND LETTER ATTACHED TO PARCEL POST PACKAGES

Butter, Eggs, Fruits, Vegetables and Dressed Poultry Over Twenty Pounds Shipped as Outside Mail—To Tabulate Parcels Posts for Fifteen Days at Post Office.

Several new regulations are noted in the bulletin just issued from the postal department of the government. Eggs, vegetables, fruits, etc., can be sent by parcels post, as outside mail, weight not to exceed 50 pounds. Communications can also be attached to parcels of merchandise. The government is also planning to keep a record of all parcels post packages, coming in and going out of the Jacksonville office from April 1 to 15.

The order says: "Butter, dressed fowls, vegetables, fruits and other perishable articles in parcels weighing more than twenty pounds shall be accepted for mailing to offices in the first and second zones when suitably wrapped or inclosed and packed in crates, boxes or other suitable containers having tight bottoms to prevent the escape of anything from the package. All such parcels to be transported outside of mail bags. Eggs in parcels weighing more than twenty pounds shall be accepted for mailing to offices in the first and second zones when properly packed. They must be marked 'Eggs—this side up.'"

**Letter With Packages.**  
When the sender desires to send a letter along with the parcels post the communication may be placed in an envelope and after the full amount of postage at the first class rate is affixed to the envelope it may be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel.

The admission prices are 5 and 10 cents for the big feature picture and vaudeville show the Grand offers tonight. Show opens 7 o'clock; come early.

### SOLD HEDGE POSTS.

William Corrington, Charles Corrington and J. W. Woods disposed of 2,000 hedge posts on the Corrington farm four miles north of Alexander yesterday. The posts sold from 23c to 70c per post. J. C. Cox and Chas. Strawn were the auctioneers and J. W. Woods, clerk.

Mrs. Rebecca Harshaw passed away Wednesday evening at 11:30 at Passavant hospital after a protracted illness from dropsy. She was the widow of Robert Harshaw, who died last July and was 51 years of age. Mrs. Harshaw has been a resident of the city for twenty years and was well beloved by a large number of friends. She was a member of Central Christian church.

Rebecca White was born in Cass county and was married to Robert Harshaw in Virginia about twenty-five years ago. She leaves two daughters, Mrs. John R. Alexander of Arcadia, and Miss Eulah at home, two brothers, David White of Jacksonville and William White of Chandlerville, and two sisters, Mrs. Charles Rahn and Mrs. Edward White of Little Indian.

Funeral arrangements are yet to be announced.

### FUNERALS

**Marshall.**  
Funeral services for Clay Marshall were conducted at the undertaking parlors of Williamson & Cody Wednesday afternoon at 2:30 in charge of St. John Lodge No. 8, A. F. & A. M., of which the deceased was a member. Dr. A. H. Kennibrew, deputy grand master of Illinois, had charge of the ceremony and Brother William Bolden preached the funeral. He was assisted by the Rev. A. A. Russell, pastor of Mt. Emory Baptist church. Burial was made in Jacksonville cemetery.

### Can You Do Better.

Chamberlain's Cough Remedy is a medicine with an established reputation and that is widely esteemed for its excellence. Can you do better than to keep it in your home? Mrs. L. B. Miller, Vandergrift, Pa., says of it, "I always keep Chamberlain's Cough Remedy in the house and I consider it unequalled for children or adults. I gave it to my son Boyd for croup and whooping cough and have used it myself for bronchitis. The results have always been highly pleasing." For sale by all dealers.—Adv.

## ALL READY FOR JOINT DEBATE

BOTH SIDES AMPLY PREPARED  
FOR CONTEST.

Annual Forensic Event Between Sigma Pi and Phi Alpha Societies Will Take Place Tonight—Will Discuss Express Rate Business—List of Judges.

Ray Bracewell, leader of Phi team—We are going into the debate to win and intend to put up the best fight we can. We have threshed out the question thoroughly and believe we have arguments that will be hard to refute.

C. H. Dixon, leader of the Sig team—We think we "have the goods" on our opponents. Our men have been working hard on the debate and we are all ready for action. We do not fear the results.

One of the most enthusiastic events in the calendar of Illinois college in the annual joint debate between Sigma Pi and Phi Alpha societies, which will be held tonight in the Jones Memorial building. Both teams have been spending every hour possible working out the details of the arguments and on the eve of the forensic contest the sides feel confident of winning.

As has been stated before the question discussed will be "Resolved, That the government should conduct the express business." (By the word conduct is meant to own and operate through government ownership, constitutionally waived.) Sigma Pi has the affirmative side of the question and the representatives are C. H. Dixon, leader; Ellis Spray and Edward Bullard. Phi Alpha has the negative side and the debaters are Ray Bracewell, leader; Clarence Kimmel and Robbins Russell, the respondents. The Sig alternate is Earl Harmon and Phi Alpha Reuben Conn.

The judges selected are Hon. Frank L. Hatch, Springfield; Judge Charles A. E. Martin, Virginia; Hon. W. M. Groves, Petersburg.

Following an annual custom both sides will hold a feast after the debate.

### ARTHUR M. MASTERS BUYS HANDSOME NEW CADILLAC

S. W. Babbs of the Babbs Cadillac company yesterday sold to A. M. Masters a four cylinder 50 horse power Cadillac car for immediate delivery. The car is finished in Calumet green with fine gold striping and represents the highest ideal of 1914 cars. The very fact that Mr. Masters has settled upon a Cadillac as being the practical all purpose car is a very strong testimonial in its favor for during the past ten years he has owned quite a large number of cars, all of different makes, all of them high priced. Now Mr. Masters has selected the Cadillac as representing what seems to him to be the very greatest accomplishment in auto construction.

### ESCAPED JOLIET CONVICT CAPTURED AT BRACEVILLE

Railroad Ticket Agent Apprehends Matthew Stariha Who is Ready to Return.

Joliet, Ill., March 18.—Matthew Stariha, a life convict at the state penitentiary walked out of the prison gates this morning, kept not more than thirty minutes a head of posses of guards all day and caught tonight by George Clark, a railroad ticket agent at Braceville, fifteen miles south of here. After a short tussle with Clark, Stariha said he would return to the prison.

"I've had a day off, anyway," he said. Stariha was a trusty and was allowed out of the prison yard on errands for officials. When he failed to return within a few minutes after he left this morning the search was started. The posse traced him south. Repeatedly during the day, the searchers received the information that Stariha had been passed just ahead. Clark tackled the convict when he approached and asked about trains to Chicago.

**Escaped Convicts Captured.**  
Leavenworth, Kansas, March 18.—Bert Adams and Lloyd Bitzberger who escaped from the United States military prison here Sunday by sliding down a rope made of carpets were apprehended in South Omaha, Neb., today, according to a telegram received here. The men were trying to enter a store. They were turned over to the authorities at Fort Crook, Neb., and will be returned here tomorrow.

### JUDSON STARTS ON TRIP AROUND THE WORLD

CHICAGO, March 18.—Dr. Harry Pratt Johnson, president of the University of Chicago started today on a seven months trip around the world in the interests of the Rockefeller foundation for teaching medicine in China. Most of the time will be spent in traveling in the interior of China. Dr. Judson left for Washington, D. C., and will go to New York on Friday.

**DENONCES SCIENTISTS.**  
Pittsburgh, Pa., Mar. 18.—Prominent ministers of the world attending the mid-winter Bible conference here today continued to expound the authority and inspiration of the Bible and to attack the schools of scientists responsible for modern doubt.

### EYES OF CHILDREN MUST BE WASHED TO PREVENT BLINDNESS

MADISON, Wis., March 18.—The state board of health is today sending three thousand packages containing twenty four ampules of nitrate of silver to all physicians in the state. Under a law passed by the last legislature the eyes of children at birth must be washed in this solution to prevent blindness.

A recent investigation at the school for the blind at Janesville showed that at least 25 per cent of the children there would not be blind had they been properly treated in infancy.
